Saturday, March 17, Weekly Walmart trip. If you need something or just want to get out now is your chance.

Words to ponder: The chief function of the body is to carry the brain around.
Thomas A. Edison

Connor's Corner Hosanna Community, as a result of increased professional responsibilities to its executive staff, has appointed a newsletter editor they are confident with. I want y'all to realize that with change being the only constant in our lives, Tania truly presents a positive attitude and mood while helping residents find happiness, consistently. In admitting her passion "to help others the best I can", Tania already proves she is a blessing to us. Add to her willingness to setup and inform residents of their appointments, getting medical information, picking up prescriptions, and taking residents on meal trips, her heartfelt smile is very contagious. Although blessed with kindness that is hard to hide, Tania doesn't walk the property in search of something to do. Her door is open 7 days a week, and she is eager to provide help when/where needed. As I close, I have a respectable quote I feel best fits our new editor, "Nothing teaches character more than generosity." As you continue to give, we all will thankfully receive. Thanks. ECR

Residents create unique gift bags for future use! We never get tired of arts and crafts!
