Veteran's Day concert at Memorial Auditorium.

WEEKLY ACTIVITIES

Monday, Nov. 13, HUMC Solo ladies are back at Hope House for dinner and some fun.

Tuesday, Nov. 14—CABIA Thankful dinner. We'll leave at 5:25 sharp.

Friday, Nov. 17, Another Fast Food Friday lunch. This time, by popular request, we're going to Chick-fil-A.

Saturday, Nov. 18, Game night at Faith House after dinner! Includes popcorn and hot chocolate!

We've got the menu planned for Thanksgiving dinner and are looking forward to a wonderful day! Please make sure we know you're coming so we can set a place at the table.

It takes many hands to maintain our property!! These two residents have taken it upon themselves to handle the raking and sweeping—without being asked!!! Last week, they were seen raking the leaves in front of Faith House. Thank you, Orlando and Connor!

Today, I offer a prayer for Thanksgiving. And it was pointed out to me that reading it aloud makes it sound different, so give it a try!

O, Lord, we wish to thank you for sustaining us with the miracle of life.

You have saved us from the Devil's ways and have helped barriers crumble that divide us.

Dislikes and hatreds fade, accusations and suspicions disappear, and with our differences continually healed by you, we are able to live in justice and peace.

O, Lord, we are thankful to be in a community setting accepting each other as blessed miracles with a common goal of personal and physical improvements.

Let us, Lord, all work together with a shared and repetitive respect for each other marked by the faith and trust to fulfill your purposes.

Please, Lord, strengthen us in our trials and temptations to gain the courage to face the perils that occur.

We do strive to eliminate diseases, homelessness, poverty, prejudice, and oppression, and we pray that with your love and guidance, we will prevail with heavenly righteousness. All of this we both ask of you and thank you for in your Holy Name.

AMEN.

This week's issue marks the beginning of the 8th year that we've been putting out this newsletter! Woo hoo!! And, as luck would have it, it's late! This is due to some technical issues (my old laptop is being replaced and was "out of pocket" for a few days while the new one was set up, software installed and files transferred.) Here's to many more issues to come!

It came to my attention that I don't feature our other resident cat very often—here is Marley looking very lion-like in the woods.

Look what's blooming behind Faith House!!
