HAPPY BIRTHDAY CAROLYN! MAY 18

Faith is an adventure. If you are in search of God's promise of eternal life, in which we all watch faith expand, each one of us needs to come to know that we are called to expand, too. We are all pilgrims and God plans to open our eyes and amaze our senses all the time. Let's do remember: It's God's job to make decisions on people's lives...so let's try NOT to evaluate or judge those with what seems to be a scarred past. People learn. People change. People move on. And it is HIS decision alone that determines your eternal resting spot.
