Thank you to Loretta, who arranged for her daughter Pamela to do manicures and pedicures for the residents recently. The ladies, and even the gentlemen, enjoyed the pampering and resulting soft skin and beautiful nails!!

Brooke from the Hart Gallery brings another new technique to share with the residents in our monthly art class. Using templates and a brayer, residents dabbed paint onto a piece of glass with tools and fingers, layered a piece of paper over it, and then applied a roller to it, making a display-worthy print!

## HAPPY BIRTHDAY TO CONNOR ROBERTS

We'll celebrate with a pizza party dinner on Saturday night in the pavilion followed by Connor's favorite: key lime pie!

Thanks to Joe Galbraith, Ben Holt, and Andy Williams who responded to our call for help with painting a room in advance of a new resident moving into Hope House.
