Upcoming activities

Tuesday, June 21— CABIA support group. Come listen to a presentation by Dr. John Johnson about Tai Ji and its use with people who have sustained a brain injury or other forms of disability. Our own Carolyn Raborn is a certified instructor of Tai Ji and can attest to the benefits of this ancient art.

Wednesday, June 22—Stay awake after lunch and go bowling with us!!

Thursday, June 23— It's off to the lake to go swimming!

Friday, June 24—St. Thaddaeus Episcopal Church is hosting an afternoon ice cream social and we've been invited! We'll leave after lunch.

Saturday, June 25— It's a double header! First, we're off to St. Alban's Episcopal Church for the monthly pancake breakfast. Then, after dinner we head to the ballpark to watch the Lookouts take on the Jackson Generals. As I am writing this, the Generals are in first place in their division, with the Lookouts in second!

Staff and residents enjoyed the recent Hart Gallery project: canvas squares that will be part of a larger public art installation with squares made by folks from all over the city!

A recent trip to the Dairy Queen for some gospel music had an extra treat: former Hope House resident Bobby Daughtrey was there with his sister, Sherry Deaton. It was great to see old friends!

Hope House welcomes **Sherolyn Miller**

to the family! During the school year, Sherolyn volunteers once a week at her church and has a card ministry to encourage others. She also enjoys gardening, singing, Zumba class, and

generally being a productive and helpful member of her community.

**WELCOME to
HOSANNA!!**

Dreamnight at the Zoo!

Left: Susan and Faye get "up close and personal" with a camel.

Right: The gang poses for a group shot.
