Gospel on the Grass at Red Bank City Park . Good music and wonderful weather! Faye is great about taking residents to hear music!

Today's issue is in thankful recognition of Hosanna Community's willingness to allow residents to attend the Friday Nightfall and Saturday Riverfront Nights concert series held downtown. We have truly enjoyed some wonderful musical talent: from inspiring gospel to some incredible blues. We have easy parking and the entertainment is FREE. We do tend to sit together, to prohibit anyone from getting lost in the crowd, but we all are free to participate in the activities. And, if the music is good, YOU DANCE!
