WEEKLY ACTIVITIES

Monday, September 18—Hixson UMC Solo Ladies are back for dinner and fellowship with Hope House residents.

Tuesday, September 19, — We're going to the Annual CABIA Awards Banquet at Siskin. The meal is being catered by Sugar's Ribs (yum!) and we will leave at 5:25!!

Friday, September 22, Some of you may remember Ed Colucci from his days at St. Peter's. He even prepared some dinners at Faith House several years ago. Well, he is back and will be cooking once a month at each house, along with his exchange student Nee, who is from Viet Nam. Their first meal will be at Hope House this Friday.

Saturday, September 23, We're off to the zoo for Go Fest fun and encounters with the animals! We'll leave right after lunch.

Above: Both houses recently went to Cici's for pizza, pasta, salad, and more!

Left and below: If you haven't been to the Hunter Museum to see the Wayne White Exhibit, you need to go! It is amazing.

My Hosanna friends, it is mid-September and we are definitely experiencing the change of seasons. Fall is upon us. Okay: get ready to rake and sweep leaves scattered all around your yard! Be aware the celebration of Halloween is near, and if you don't prepare, the day will truly be spooky. Whatever the case, please keep this forecaster's comment in mind: "We've had our last 90 degree day for a while...look for mid to high 70's and possible low 80's for the foreseeable future." Well, yes sir, that is exactly what I'll do. To be honest, I have questioned East Tennessee's strange weather for a while: Not much of a winter. No snow at all. Not a real hot summer. No repeat semi-drought. Multiple flash floods. 8 inches over yearly predicted rainfall. I do thank God we've missed the impact of the flooding, hurricanes, and tornados that are devastating our neighbors. I am so ready to wake up and enjoy a 77 degree day! I hope you, too, are anticipating some pleasant weather and some fun. I'm always open to go fishing or play a round of golf. You know how to find me!
