Eclipse viewing: Can't you just imagine some great captions to go along with these photos??

Right: the last Riverfront Nights concert of the season;
Below left: banana split ice cream cake — YUMM
Below right: Gloria Edge, from the Hixson Solo Ladies, looks on as Tina to the bingo numbers being called.

Banana split cake... YUMM!

Today's issue is a rhyme that intends on helping remind us all that because of our Heavenly Father's Christmas presence, we can appreciate His gifts much more than once a year.

Connor's Corner

Forever Present

If you were to count the many blessings and gifts you've received in your life, it should be very clear

That God's unending love, providing family and friends with blessed memories, proves He is always near.

Even when you face life-changing trials and situations where it seemed impossible and you really couldn't cope,

When choosing comfort and care from God, He is there to assist and will help lead the way.

Which should help us to celebrate more than we do, because we are given gifts from God each and every day.
