Today, interestingly I am writing to both enlighten you, make you feel blessed, and to truly thank Tania Barry for her wonderful words of advice in the July 2018 newsletter. Tania, a social worker with absolute care for us at Hosanna, she wrote, "At the very best, let us be kind because everyone you meet is fighting a battle you know nothing about." I have never seen the truth so well expressed. What perfect advice, Tania. At Hosanna, interestingly, this should make a major impact. Each of us are true miracles under differing settings and thankfully we are alive. We could all be without life, but apparently God still has us here for a reason. I believe it is to help, not hinder, others in everything we do. We should remain positive and kind while being supportive. We are not to be critical, negative, nor judgmental of what we feel a person could be doing better. Stop. Let God do his job. We are made in His image. Remember what Jesus said: Be humble and kind and He will lift you up.

Residents came together to create fairy gardens! A Pinterest favorite, our gardens contained lots of natural elements straight from Hosanna's woods. Everyone was able to create their own unique masterpiece! What fun!
