

WEEKLY ACTIVITIES

Monday, April 29: Hosanna Community resident meeting at 6:45 pm. Hope House basement. Important information will be shared. All residents should attend—plus, dessert will be served!

Wednesday, May 1: Cook up Lightsaber snacks for Saturday's Star Wars Trivia/ Movie Night. 11am, Hope House.

Friday, May 3: We'll travel to the Hart Gallery, 10 am to noon, on the Southside for an inspiring creative experience. On the agenda: Making a Mandala. No Signal Center visits today! Leave Hosanna at 9:30 am.

Saturday, May 4: May the fourth be with you! It's the un-official National Star Wars Day. Meet at Hope House after dinner for Star Wars movies, a trivia game (with prizes) and snacks.

Sunday, May 5: Trip to WalMart after lunch.

Today's message requires 'reader participation.' I need for you to make a small admission to make my point relevant. What I mean is: I hope you agree that although many catch phrases and slogans are accurate and warrant appreciation, there are a few that deserve consideration. For example: "Practice does NOT make perfect!" Perfect practice creates perfection. In addition, "April showers bring may flowers," is true, but I've already experienced the reality of a non-destroyer of insects winter. Undoubtedly, we will experience a large festering of bugs. An upcoming hot summer will include the need for bug spray along with a necessity for sunscreen. As a result, I feel a more accurate slogan should be: April showers bring May mosquitos.
