This year, we observe Memorial Day on Monday, May 27. The day honors the men and women who died while serving in the U.S. military. The day was originally known as Decoration Day, and began following the Civil War. It became an official federal holiday in 1971. Many Americans observe Memorial Day by visiting cemeteries or memorials, holding family gatherings and participating in parades. Unofficially, it marks the beginning of the summer season.

Did you know? Each year on Memorial Day a national moment of remembrance takes place at 3:00 p.m. local time.
