Frances S. Roberts and I strongly agree that miracles are only a prayer away. I am living proof of what our Lord can and will do.

The power of prayer is truly a wonderful thing. It allows us to stand against the evil/negative things we face, to find the ability to speak and use the powers of grace, love, mercy, peace and true thankfulness even in our darkest hours. Remember: God has us here for a purpose. Regardless of who/where you are, our Lord gave you the heavenly gift to choose. No matter your situation, good or bad, it is a God-given ability to pray. In fact, prayers are available 24 hours a day. In addition to being able to offer thanks for your many blessings, you may need help: controlling your anger, assurance in both your actions and beliefs, courage to complete goals, avoid depression, not lose faith or hope, to get along kindly with others, to have safety on a trip, with financial worries, and asking forgiveness for a sin. Please remember all prayers are made directly. In the end, with faith in His promise, do follow His advice: "Do not be afraid."
