A Word About Christmas Presents ...

PLEASE put ALL Christmas presents that you receive under the tree at your house. Do not leave them in your rooms or open them or take them home.

(They will be waiting for you at Hosanna!)

Part of the fun and enjoyment of Christmas is opening gifts together.

And that is just what we will do on Christmas Eve!

Thank you for your cooperation.

ONE HOLY NIGHT

Christmas is a season when we gladly share love
While remembering all good things come from up above.
All suffering has been experienced by our Heavenly Lord,
Making sure sending His Son to earth shouldn't be ignored.

HE promises forgiveness; belief in Him is a must.

Active faith is the combination of belief and of trust.

Sure, many questions arise, "Where has He really been?"

When God speaks, you never miss out when you listen.

Our Lord doesn't play games, He asks us to do what is right,
Rewarding us, thanks to the blessings of a Holy Silent Night.
