Opening Ceremony Parade

Admittedly, I am pretty adamant about keeping the outside of our home here on Grubb Road as clean and clear as possible. I hope people recognize, as well as remember, how nice Hosanna Community looks when they drive by or, more importantly, after visiting as a potential employee or future resident. Let's be honest: Yes, having a consistent, kind and positive attitude is an important issue when living in a community setting, but whether we'd like to admit it or not, people are more focused on how well things are kept up and taken care of. I am very proud of our efforts at Faith House to keep our rooms neat and presentable at all times, a learned willingness to allow visitation whenever necessary and, more importantly, to offer words of encouragement to interested new residents. One reason for an encouraging attitude has recently been increased. True care for residents: their facility and well-being is evident with the full cleaning of our outside iron benches, It's good for appearance, our health and safety. Thank you, Hosanna staff.
