★ **HAPPY FLAG DAY - Tuesday, June 14** ★

We observe the 106th USA Flag Day on Tuesday, June 14, 2022. It's sometimes called the "Flag Birthday." There have been **27** official versions of the American flag since 1777. There have been six American flags planted on the moon's surface! All Americans are encouraged to fly the flag this week.

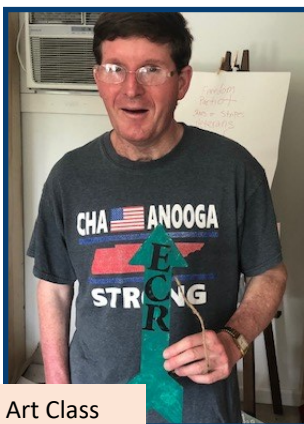

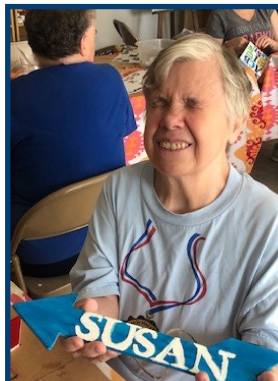

Thanks, Kim Hixson, (Sherolyn's sister), for bringing us some groceries & paper products!
